ATTENTION STAFF AND STUDENTS: Please consider donating items to the "No Girl Without" program sponsored by Emplify Health. A collection box is in the front entryway. Please see posters for details.

No Girl Without.

1 in 4 teenagers cannot afford feminine products

Let's take action to end period poverty.
Period.

emplify
HEALTH
by Bellin

Emplify Health by Bellin is looking to make a difference to end Period Poverty by collecting female hygiene products to distribute to middle and high schools in your area including Marinette, Menominee, Oconto and Forest Counties, WI and Menominee and Dickenson Counties, MI.

Period Poverty refers to the lack of access to feminine hygiene products that not only affects homeless women, it affects a huge number of schoolchildren as well.

Your area schools are in need of:

- Sanitary Pads and Panty Liners
- Tampons
- Feminine Wash and Body Wash
- Deodorant
- Hygiene Wipes/Flushable Wipes/Baby Wipes
- Reusable Products: Period Panties and Menstrual Cups
- Other Requests: Toothbrushes/Paste, Combs/Brushes, and Shampoo
- Men's Deodorant (many teenage boys also suffer hygiene poverty).

Period Poverty increases **anxiety, embarrassment, shame and depression!**

Period Poverty increases the risk of **infection, dermatitis, and Toxic Shock Syndrome**, which is dangerous and can be life threatening.

According to statistics

- **1 in 5** teenagers will skip/miss school during their period.
- There are **no state programs** offering feminine products. i.e. EBT & WIC (food stamps).
- **51%** of teens report they wear products longer than medically suggested.

Worldwide **over 500 Million** women are currently experiencing "Period Poverty".

Use the QR Code to make a financial contribution and enter **No Girl Without in the Gift Designation**. For more information contact Emplify Health by Bellin campaign lead Cheryl Risner at cheryl.risner@emplifyhealth.org

Collected products will be distributed equally, but Oconto will be receiving products from The Monthlies Project. The Monthlies Project is a community initiative providing menstrual health products to school-aged students and bringing awareness to the issue of period poverty and the educational inequity it creates.
